TRAVEL INSURANCE OPTIONS:

We recommend travel insurance on all travel. Norwegian travel insurance only covers 70-90% cruise only.

Insurance carriers that will insure 100% trip cost are as follows: We have no affiliation with any of these providers, and you must follow through on your own if wanting trip insurance.

The sooner you apply for coverage after reserving your trip seats, the cost for insurance is cheaper. Waiting until the trip departs, the insurance cost is greater. You may charge your trip, and pay the additional 4% service fee and use your credit card supplier as your travel insurance provider only if they offer that benefit to you.
