COVID 19 Return to group travel protocol

PRE REQUIREMENTS

1. Passengers are advised NOT to travel if not feeling well for any reason. The COVID 19 symptoms are many, and even having one symptom could potentially have a negative health effect on all other passengers, putting them at risk.
2. We will have an established pre- arrangement with the motor coach supplier as to receiving the coach in a properly sanitized manner, that will include, but not limited to, extra precautions taken on frequently touched areas of hand rails, arm rests, head rests, and restroom facilities on board. Disinfectants to be utilized between stops. When the coach is stationary and when possible to open the overhead air flaps that would allow for fresh air to circulate throughout coach.

PRE BOARDING & ON BOARD REQUIREMENTS

1. Temperatures will be taken utilizing a no touch temperature device of all passengers pre boarding the motor coach. Temperature must be not greater than 100.4 degrees F. If greater than 100.4 degrees the person will not be allowed to board the coach for the safety concerns of all other passengers.
2. A sanitizer bottle will be available upon boarding the coach, and asked/advised to utilize as they board the coach.
3. With each re loading of coach, all will again be advised to utilize the sanitizer provided.
4. With every restroom use on board, the passengers will be instructed of the sanitizer equipment provided and to be utilized. However, we will suggest restroom to be used only if an emergency.
5. Each passenger will be provided thier own waste bag/container to dispose of all garbage. The passenger will also be responsible for disposing their waste container when exiting the coach.
6. Disposable face masks will be provided, however all passengers will be instructed to bring their own.
7. If open seating resides after all are boarded, then the passengers will be asked to relocate on coach for more displacement between passengers.
8. All items, whether it be snacks, & water bottles supplied will be passed out individually.
9. Game materials played on board will be pre sanitized and passed out individually by leader.
